EDUCATION

Christ (Deemed To Be University), Bangalore — *B.Tech in Computer Science and Engineering*

June 2017 - April 2021

CGPA: 8.4 (Till 6th Sem)

New Look Sr. School, Kota — *Class 12th*

May 2015 - April 2017

CGPA: 8.3

EXPERIENCE

One Stop Kitchen, Guwahati — *App Developer*

July 2020 - October 2020

Worked as an intern to develop solutions for the mobile platform. The application showcases multiple brands of the parent organization and caters brand services via the app.

Rate My Stay, Bangalore — *App Developer*

February 2020 - March 2020

Worked as an intern for developing a demo application for the mobile platform. The demo application was aimed to be fetching data from the server and parsing data to be displayed in UI. Modules undertaken were Flutter, Dart and Firebase.

PROJECTS

My T's — *E-Commerce WebApp*

Developed a full fledged web app which uses React library for displaying t-shirts getting fetched from the MongoDB database with the help of a server running on Node Js.

Frams — *Social Networking Platform*

Developed a social media app which uses Flutter for the UI and Dart and Firebase as a backend for fetching users posts and comments and displaying it on their timeline.

RPA Bots

Developed various RPA bots such as Email Automation Bot, Pdf Integration Bot, Excel Bots using Automation Anywhere Enterprise Edition.
